Re: Cornell-Dubilier Electronics Site - Administrative Order on Consent for Removal
Action, Index No. II-CERCLA-99-2006
Progress Report No. 6

Dear Sirs:

As specified in Paragraph 50 of the above-referenced Administrative Order, on behalf of Respondents Cornell Dubilier Electronics, Inc. (CDE) and Dana Corporation (Dana), ENVIRON Corporation (ENVIRON) is submitting this progress report which summarizes activities conducted pursuant to this AOC between May 6, 1999 and May 19, 1999.

Completed Activities

During this period, the following activities were completed:

- Completed discussions with USEPA regarding the reassessment of USEPA's characterization data. Agreement on the reassessment approach was discussed during a telephone call with USEPA on May 17, 1999.
- Received authorization for the continued use of the existing staging area on the Hamilton Industrial Park property. Verbal authorization was provided on behalf of D.S.C. of Newark by Michael Caufield, Esq. on May 19, 1999.

- Completed detailed property surveys. A complete set of property survey drawings was received on May 6, 1999.

Ongoing Activities

During this period, the following activities were initiated and/or are in-progress:

- Identification of prospective contractors, including remediation contractors and landscape contractors.
- Validation of verification sampling data.
- Preparation of detailed excavation and restoration plans, and contract specifications.
- Follow-up discussions regarding the request for access to Tier II Property W via the Hamilton Industrial Park, and for access to the property adjacent to Tier II Property AA.
- Discussions with homeowners regarding tree removal necessary to implement the required soil excavation.

Two-Week Schedule of Planned Activities

During the next two-week period (May 20, 1999 through June 2, 1999) the following activities are planned:

- Identification of prospective contractors, including remediation contractors and landscape contractors.
- Completion of the revised Work Plan for submittal to the USEPA.
- Completion of detailed excavation plans and restoration plans.
- Preparation of a request for bid to be issued to the prospective remediation contractor(s).

One-Month Schedule of Planned Field Activities

During the next four-week period (May 20, 1999 through June 16, 1999), the following field activities are planned:

- Collection of additional verification samples as needed.
